We depart this morning for Williamstown, KY, where admission is included at the impressive ARK ENCOUNTER. The exhibit is so large that we spend the rest of the day here. Tour the most authentic replica of Noah's Ark in the world, where millions are coming from every corner of the globe to see the biblical account of the ark come to life. Be transported back in time to meet Noah and his family, who lived aboard the ark and cared for all the animals during the flood. Prepared to be amazed! At 510 feet long, 85 feet wide, and 51 feet high, the Ark is massive! See exotic animals from all over the world, like Tibetan yaks, kangaroos, emus, and ostriches. Lunch Buffet is included at the ark. Following our visit we will drive to Covington, KY (45 min) and check into the Holiday Inn Express Riverfront Hotel. Tonight, we'll enjoy the Captains Dinner Cruise with music as we coast along the Ohio River. (L, D)
