Aquatic Class Descriptions

Cardio Strength

Cardio Strength classes incorporate both cardio intervals and strength training exercises. You will use a variety of pool equipment such as: pool noodles, paddles, dumbbells, barbells, etc.

Water Neuro-bics

30 minutes of Water Aerobics crossed with “neuro” exercises. Work your brain while you work your body! Neuro exercises are great for warding off dementia and Alzheimer's.

Aqua Range of Motion

Aqua ROM is a low-intensity class designed for those who may have arthritis, joint replacements, or other orthopedic issues. In this class you will work all joints of the body through different range of motion while walking forwards and backwards as well as side to side

Cardio, Core, & Balance

Mid-level intensity class that will incorporate cardio and core exercises while targeting balance.

Suspended & Fit

In this class you will wear a float belt and be suspended in the deeper end of the pool. This allows you to exercise with zero impact and get a high intensity workout. This class may also be referred to as “Deep Water”

Cardio, Core, & More

Work a little bit of everything in this class! (This class may be canceled if Donna is sick or on vacation.)

Water Volleyball

Members are welcome to play water volleyball at these designated times.
